

Stand With Iraqi Christians (SWIC) has raised \$574,281 since 2015 from a variety of sources and has funded projects in Iraq totaling \$302,343 through February 2023. The type of projects supported by SWIC has changed over these seven years because we listen to our Iraqi friends and change our focus as dictated by the situation in the country. Our original impact was to help the Internally Displaced Persons fleeing to the North with temporary housing, school supplies & food, and now we are focused on the Family Farm Initiative & Small Business Redevelopment Initiative which provide sustainable employment & income as the Iraqis try to regain some normalcy.

SWIC is constantly trying to minimize our administrative costs so that the money we raise continues to be used for projects in Iraq.
